

Established in Scituate in 1987, **FUNASTICS** has brought the wonders of gymnastics and fitness to area families for more than 30 years, often instructing children from their toddler years through their adolescence (and lately their children too!!)

For any child, gymnastics is a great foundation no matter what sport is in their future. Gymnastics is a sport of flexibility, strength, coordination and grace; one that builds confidence, positive self-esteem, and enhances creativity and self-discipline.
